ANNOUNCEMENT.

It will be noticed that the report is from the first of September, 1920 to the first of July, 1921, a period of 10 months. This is because the school year was changed by the last General Court to end annually the 30th day of June. Let it be remembered that this does not cover the year for which money was raised at the 1921 annual meeting. We are in the middle of that year at the present time.

The outstanding facts for the year reported are the complete alteration of the East Stratford schoolhouse, three teachers in the High School instead of two, and the placing of the 7th and 8th grades on practically a Junior High basis.

The year now in session has many interesting features but they are not a part of this report. A large increase in enrollment has been easily met with the facilities at hand. We still have school room for a reasonable increase over our present attendance.

We recommend a careful consideration of the budget prepared to meet the school needs for the coming year.
